-  Machinery and Tooling
-  Machine Tool Factories

Our strategically located 24/7 Emergency Desks serve around the clock to engage proactively with the most demanding Industries.

Your One Stop Shop for Time Critical Cargo

Imagine this case-scenario:

At 06:00 hrs, a Cargo Van loaded with 400KGS of Car Headrests is ready to meet a couple of On-Board Couriers at QRO Airport.

By 08:30 hrs, OBCs arrive at IAH, go through security and customs, and hand cargo to Air Charter's crew who were already waiting on the tarmac.

At 11:00 hrs, a Falcon 20 is airborne and heading to Smyrna, Tennessee.

By 16:00 hrs, of the same day, the Cargo is placed in a Hot-Shot who gets the shipment at the final location just-in-time before our customer's client production line stopped! #moneysaved
