

# AIR CHARTER

High efficiency to deliver  
*your time sensitive cargo*

## Time sensitive logistics

**Speed**

100%

Go Now! service in less than 8 hours in North America. Intercontinental services from 18 to 24 hours.

**Cost**

70%

From USD10,000 to USD250,000 depending on the route and the equipment.

**Capacity**

90%

Versatile. There is a wide range of equipment available to cover different needs.

**Efficiency**

90%

Service most recommended when the cost of a line disruption is greater than this investment.

**Simplicity**

90%

Quite simple: only general cargo info is enough.

**Effectiveness**

98%

Probably the most reliable service in this criterion.

**Coverage**

90%

Broad. Regional airplanes serving North America and intercontinental equipment.

**Flexibility**

80%

Its weakness is related to permits, restrictions in airports and customs.
